

Prof. Mohamed Hassan El-Kenawy

President of Mansoura University

Prof.Ashraf Mohamed Sweelem
Vice president
For Graduate Studies&
Research Affairs

Prof. Zaki Zaddan
Vice president
For Community Service&
Environment Development Affairs

Prof. Ashraf Abd El-Baset
Vice president
For Education & students' Affairs

Mr. Saad Abd El-Wahab Mostafa Assistant Secretary for Administrative Affairs

Mr.Ahmed Mostafa Abd El-Kader General Manager

Mr. Osama Abd El-Fatah Mousa Assistant Secretary for Financial Affairs

#### **About Mansoura University:**

## **Beginning:**

Studying at the University started in 1962 concurrent with the foundation of the Faculty of Medicine affiliated to the Cairo University at that time. In 1972, the Law No. 49 was issued by the Presidential Decree to establish the University of East-Delta located in Mansoura city; afterwards the University's name was changed to be Mansoura University in 1973.

#### **Location:**

Mansoura University is located in Mansoura City - the Capital of El-Dakhlia Governorate, Egypt - 120 Kilometers northeast of Cairo; on the eastern bank of the River Nile – Damietta Branch, and its size is about 371 Square Kilometers.

## **Ranking:**

Based on the 41CU (International Colleges & Universities 4) classification of the year 2016, the University occupies the tenth rank among the African Universities; it is the Thirteenth among the African Universities, eighth among the Arabian Universities, and the third among the Egyptian Universities according to Web metrics classification of the year 2016. Moreover, it occupies the international position among the best one hundred Universities of the countries of nascent markets including (Brazil – Russia – India – China – South-Africa) according to the British Times Institution. This proves the University's commitment to the international standards in its endeavors to achieve a distinct position among the outstanding Universities all over the world.

Mansoura University has up to Egyptian 133317 students, 2141 overseas students at the undergraduate stage in addition to 28685 Egyptian students and 1916 overseas students at the post-graduate stage according to the statistics of the academic year 2015 - 2016.

The University has an outstanding teaching staff up to 6513, and assistant staff (Demonstrators – Assistant lecturers) according to the statistics of the academic year 2015 - 2016.

The external relations of the University aim at establishing local and international relations through signing a series of Memoranda of Understanding and Collaborative Agreements with scientific, academic, national as well as international entities. Consequently, the University has singed 109 Memorandum of Understanding and Collaborative Agreements with international entities and 41 with national ones.

#### **Hospitals, Medical Centers and Special Units:**

The University has up to 12 Hospitals and Medical Centers in addition to more than 84 Special Units including but not limited to:

Urology and Nephrology Center – Ophthalmic Center – Oncology Center – Gastroenterology Surgical Center – Plastic Surgery & Burns Center - Orthopedics Center – Obstetrics & Gynecology Center – Neurosurgery Center.

Emergency Hospital – Children's Hospital – Specialized Internal Medicine Hospital – University Students' Hospital.

#### The most important Special Units:

- Genetic Engineering Unit
- Electronic Microscope Unit
- Experimental Research Unit
- E-learning Unit
- Oncology Center
- Education Technology Center
- Public Service Center
- University Development Center
- English for Specific Purposes Center
- Water, Sanitary Drainage and Industrial Research Projects Center
- Scientific Computing Center
- Nanotechnology Center
- Environmental impact assessment and environmental consulting center
- Unit university arboretum
- Care center and the development of childhood
- Stem Cell Center

# Oncology Center

Scientific Computing Center

# **Central Library**

The University has a large central library that contains a huge collection of scientific & academic books.

# 1- Arabic and Foreign Books

Type	Number of Books
Arabic Books	12953 +150 audio books
English Books	2730 + 78 audio books
Braille Books	309

# 2- Arabic and Foreign Theses

Type	Number		
	Master's	PhD	
Arabic Theses	3116	1709	
Foreign Theses	11115	4475	
Arabic Theses on CD	2528	1479	
Foreign Theses on CD	6953	3223	

# **3- Arabic and Foreign Periodicals**

Type	Number of Periodicals
Arabic Periodicals Library	309
Foreign Periodicals Library	189

The Opening of the book fair in 20/11/2016

The central library organizes an annual book fair visited by mo`re than 27000 visitors.

The Olympic Village

The university has an Olympic village on an area of four feddans that can accommodate 12,000 spectators. The village contains:

- A group of integrated, multi-purpose sports stadiums, swimming pool, and gym hall.
- Taekwondo, Judo, and Handball schools.
- Swimming pools complex on 6000 m<sup>2</sup>.
- Tennis Complex with 3 clay courts and 2 squash halls.
- 6 multi-purpose Tartan floors.

## **University Faculties**

The university has eighteen faculties. They are as follow:

Faculty of Medicine - Faculty of Pharmacy - Faculty of Dentistry - Faculty of Veterinary - Faculty of Science - Faculty of Agriculture - Faculty of Engineering - Faculty of Computers and Information - Faculty of Kindergarten - Faculty of Commerce - Faculty of Nursing - Faculty of Law - Faculty of Education - Faculty of Physical Education - Faculty of Specific Education - Faculty of Arts - Faculty of Tourism and Hotels - Faculty of Fine Arts.

## They grant the following degrees:

B.Sc. Degree in	Duration
Medicine and surgery	6 years
Engineering - Pharmacy -	5 years
Veterinary - Dentistry - Fine Arts	
Science - Agriculture - Commerce -	4 years
Education (Scientific –Preparatory	
Education - Industrial division) -	
Physical Education – Nursing -	
Specific Education - Computers and	
Information - Tourism and Hotels -	
Kindergarten	
B.A.Degree in	Duration
Law – Arts - Education (Literature -	4 years
Preparatory Education)	

#### **FACULTY OF MEDICINE**

#### The Faculty grants the following degrees:

- B.Sc. of:
  - Medicine and Surgery
  - Medicine and Surgery in collaboration with Manchester University with credit hours system.
- Master degree in one of the following clinical specializations:

Internal Medicine Diseases - Neuro Medicine and psychiatry - Chest Diseases - Cardiology - Tropical Medicine - Radiotherapy - Dermatology and Venereal Diseases - Blood Diseases - Pediatric - Forensic Medicine and Clinical Toxicology - Rheumatology - Surgery - Professional Health and Industry Medicine - Urology Surgery - Public Health and preventive and sociology Medicine - Orthopedic Surgery - Ophthalmology surgery - Clinical Pathology - Obstetrics and Gynecology - ENT - Radiology (Radio Diagnostic) -ENT in audiology - Anesthesiology and Intensive surgical care - Oncology - Emergency-Family medicine.

- Specialized Master degree in basic Medical sciences in one of the following branches:
  - Anatomy and Genecology Histology Medical Physiology Medical Bio-Chemistry Pathology Clinical Pharmacology Microbiology and Medical Immunity Medical Parasitology.
- Doctorate Degree: in Medicine and surgery in one of the specializations which awarded master degree.

#### **FACULTY OF SCIENCE**

#### The Faculty grants the following degrees

- B.Sc. of: 25 scientific program with credit hours systems
  - Master Degree in Science.
  - Doctorate of Philosophy in Science.
  - Doctorate Degree in Science.
  - Post graduate diplomas in one of the following specializations:

Space Mechanics – General Physics - Radiation physics - Material Physics - Energy Physics – Metrology - Photonic Measurements – Mineral exploration and Ore deposits - Environmental Geology and Fourth Chronicle – Petroleum geology and water – Applied geophysics – Chemical industries – Polymers and petrochemicals industry – Bio chemistry - Applied Microbiology - Planting the Botanical tissues and Botany husbandry - Re-agriculture Desert Technology – Environmental pollution and Bio- Security – Medical and Economic Insects – Biological and laboratory Analysis – Invertebrates and Parasites .

#### **FACULTY OF EDUCATION**

#### The Faculty grants the following degrees

#### A) Undergraduate:

- B.SC in science and education.
- B.A in art and education.
- B.SC in science and education for primary education.
- B.A in art and education for primary education.
- B.SC in childhood and education.
- B.SC in special education.
- B.SC in the preparation program of mathematics and science teacher in English for elementary education (the first episode) and general education as a program of the new education programs.

#### B) postgraduate:

- Diploma degree in education (general vocation- special emeritus)
- Master degree in education.
- Philosophy of doctorate in education

# FACULTY OF DENTISTRY

# The Faculty grants the following degrees

- B.Sc. in Dentistry and Oral Surgery.
- Master Degree in Dentistry Sciences in one of the academic and clinical branches
- PhD in Dentistry sciences in academic clinical branches
- Doctorate degree in Dentistry Sciences in one of the Clinical branches
- Post-graduate Diploma in Clinical Dentistry branches

#### FACULTY OF PHARMACY

#### The Faculty grants the following degrees

- B.Sc. in Pharmaceutical Sciences.
- B.Sc. in Pharmaceutical Sciences (clinical pharmacy) with credit hours systems.
- Master degree in Pharmaceutical Sciences.
- Doctorate of Philosophy in Pharmaceutical Sciences.
- Diplomas in the following specializations:

Quality Control and Drug Analysis – Hospitals and Clinical Pharmacy – Pharmaceutical Technology – Pharmacongnacy – Drug Design and Chemical Pricing – Bio Chemical Analysis – Microbiology.

#### FACULTY OF COMMERCE

#### The Faculty grants the following degrees

- B.Sc. in the following specialization:
  - Accounting Business Administration Economy Applied Statistics Insurance.
- Study program with open education system (financial and commercial science section in accounting and business administration departments)
- Master Degree in one of the scientific departments.
- Master Degree in Business Administration.
- Doctorate of Philosophy in one of the scientific departments.
- Diplomas in the following specializations:

Financial Accounting – Auditing – Banking Studies – Funding – Governmental Accounting – Taxes – Marketing – Applied Statistics – Regional Development – Costs – Demographical Statistics – Insurance – Managing Health Organizations.

# FACULTY OF LAW

# The Faculty grants the following degrees

- B.A. in Law ( Arabic, English, French)
- B.A. in legal sciences according to the Open Education rules.
- Master Degree in Law.
- Doctorate degree in Law.
- Diplomas in:

Private Law – Public Law – Economical Science and Finance – Islamic Law – Legal Studies – Criminal Law – Administrative Science – International Law.

#### FACULTY OF ENGINEERING

#### The Faculty grants the following degrees

• B.Sc. in the following Eng. specializations :

Architectural Eng. –Electric Eng. – Mechanical Power Eng. – Electronic and Communication Eng. – Production and Mechanical Design Eng. – Civil Eng. – Weaving and Textile Eng. – Computer and Systems Eng.

- B.Sc. according to accreditation hours system in one of the following specializations:
- Communication & Information engineering program.
- Building and construction engineering program .
- Mechatronics
- Biomedical engineering program.
- Master Degree in Engineering in the following specializations:
- Structural Eng.- Mechanical Power Eng. Computer systems Electric Eng.-Engineering physics- Architectural
  Eng.- public Works Eng.-Industrial Eng.-Mechanical design— Weaving and Textile Eng.-Automatic control Eng.Irrigation and Hydraulic Eng.-Operations research- electric and power Eng -Engineering MathematicsProduction Eng -Engineering Technology and environment Management.
- Doctorate of Philosophy in Engineering.
- Post-graduate Diploma in one of the following specialization:-

Civil Eng. - Mechanical power Eng. - Production Eng. - Electric Eng. - Electronic Eng. - Weaving and Textile Eng.

#### **FACULTY OF AGRICULTURE**

#### The Faculty grants the following degrees

- B.Sc. in Agric. Engineering and vital system.
- B.Sc. in the following Agricultural science:
   Plant Production Animal, poultry and fish production Plant protection Food technology and sciences Agric. and vital technique Agric., social and economic sciences Soil and water.
  - Ain Shams University awarded bachelor degree in agricultural sciences in the program of agricultural project management and technology by open Education system.
  - The faculty of Agriculture, Mansoura University awarded bachelor degree in agricultural sciences in agric. vital systems by open education system.
  - Research Master Degree in agric. sciences.
  - Vocational master Degree in agric. sciences.
  - Master Degree in seeds by credit hour system.
  - Master Degree in integrated management(soils-water) by credit hours,
  - Master Degree in sustainable crop protection by credit hour system.
  - Doctorate of philosophy in Agricultural science in one of specializations that were granted in research master degree.

#### FACULTY OF ARTS

#### The Faculty grants the following degrees

• B.A in Arts in one of the following specialization:

Arabic Language and its Literature – English Language and its Literature – French Language and its Literature-History – Geography - Greek and Latin Studies – Oriental Language - Sociology – Documents, Libraries and Information – Philosophy - Psychology – Egyptian Archeology - Islamic Archeology - Mass and media - Italian language – German language – Chinese language.

- Master Degree in Arts in one of the mentioned sections.
- Doctorate degree in one of the mentioned sections.
- Post-graduate Diploma in the following specializations:
- Professional Diploma in written, following and instant translation from French language and literature department (two academic years).
- > Professional Diploma in written, following and instant translation from English language and literature department (two academic years).
- > Orientation Diploma in rural development from sociology department (Two academic years).
- Diploma in industrial sociology from sociology department (one academic year).
- > Diploma in clinical psychology from psychology department (one academic year).
- ➤ Political Philosophy diploma from philosophy department.
- > Orientation diploma in libraries from documentation and libraries department (two academic years).
- Orientation diploma in information from information department (two academic years).
- Qualifying diploma in tourism guidance from history department (two academic years).
- Diploma in industrial Psychology from Psychology department (one academic year).
- Document diploma from Documentation and libraries department (one year).

# **FACULTY OF NURSING**

#### The Faculty grants the following degrees

- B.Sc. in Nursing Science by credit hours system.
- Master degree in nursing Sciences in one of the specializations that mentioned in the regulation.
- Doctorate degree in nursing Sciences in one of the specializations that mentioned in the regulation.
- Professional diplomas in nursing in one of the faculty departments.

#### FACULTY OF VETERINARY MEDICINE

#### The Faculty grants the following degrees

- B.Sc. in Veterinary Medicine Sciences.
- Master Degree in Veterinary Medicine Sciences.
- Doctorate of Philosophy in Veterinary Medicine Sciences.
- Diplomas in one of the following branches:

Veterinary Guidance – Artificial Insemination – Genetics – Experimental animals – Animals and wild birds – Fish Diseases – Veterinary Public Health – Birds and Rabbits – Clinical Pathology – Food Hygiene – Animals' Care – Domestic Animals – Farming Animals Diseases – Veterinary Medicine Combination – Applied Parasites – Veterinary Microbiology – Forensic Medicine and Veterinary Toxicology – Veterinary Surgery – Animals Wastes – Environment Pollution.

#### FACULTY OF PHYSICAL EDUCATION

#### The Faculty grants the following degrees

B.Sc. in physical education in one of the following specializations:

Teaching Physical Education – Specialized Athletic Training in Selected Athletic Action – Sports Management.

- Master Degree in physical education in one of the scientific department.
- Doctorate of philosophy in physical education in one of the scientific departments.
- General Diploma in one of the following specializations:

School sports – Sports injuries and rehabilitation–Sports training – Disabled sports – Management of sports institutions – Sports Recreation in sports institutions –sports marketing.

# FACULTY OF COMPUTER AND INFORMATION

#### The Faculty grants the following degrees

- B.Sc. in one of the following scientific specializations
  - Computer Science Information Systems Information Technology
- Master Degree.
- Doctorate of Philosophy in one of the following scientific specializations:
  - Computer Science Information Systems Information Technology.
- Diploma Degree.

#### FACULTY OF SPECIFIC EDUCATION

# in Mansoura and its two branches in Mit-Ghamr and Minyet El-Nasr

#### The Faculty grants the following degrees

- B.Sc. in Specific Education in one of the studying branches in the faculty:
  - Art Education Musical Education Home Economies Educational Media –Computer.
- Master Degree in specific education in one of Scientific Specializations in the faculty departments:
- Doctorate of Philosophy in specific education one of the Scientific specializations in the faculty departments.
- Special Diploma in specific education in one of faculty departments:-

Curriculum and Methodology in the specialization – Home Economics – Art Education – Musical Education – Re-qualify Computer's Teacher – Educational Information.

# **FACULTY OF TOURISM & HOTELS**

# The Faculty grants the following degrees:-

- o B.Sc. in (Tourism studies Hotels studies tourist guidance)
- Diploma for postgraduate studies in ( Tourism studies Hotels studies tourist guidance).
- o Master degree ( Tourism studies Hotels studies tourist guidance)
- Doctorate degree (Tourism studies Hotels studies tourist guidance)

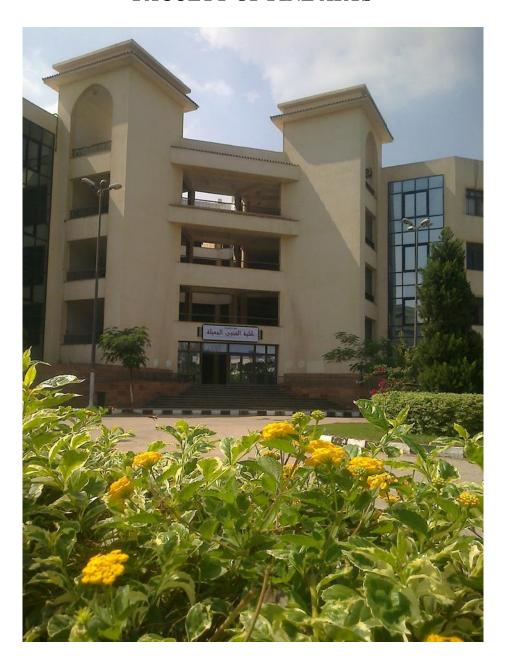

# **FACULTY OF KINDERGARTEN**

# The Faculty grants the following degrees

- B.Sc. in Education (Kindergarten) by accreditation hour's system.
- Master degree in Education.
- Doctorate degree in Education.
- Applied Diploma in Education.
- Professional Diploma in Education

# **FACULTY OF FINE ARTS**

# The Faculty grants the following degrees:-

 B.Sc. in Fine Arts in one of the following programs: with credit hours system (Architecture – Decoration – Photography – Graphic – Sculpture).

# Distinctive university study programs (specific programs):

College	program name		
	Communications and Information Engineering (study for 5 years).		
Engineering	Building and Construction Engineering (study for 5 years).		
	Medical and biological engineering (study for 5 years).		
	Mechatronics Engineering (study for 5 years).		
Science	mining geology and oil (duration of the study 4 years)		
Science	Petrochemical and applications (the study for 4 years)		
Medicine	Manchester Medicine Medical Education Excellence (study period of 6 years).		
Pharmacy	Clinical Pharmacy (study for 5 years).		
Computing and information	software engineering (the study for 4 years)		
Computing and information	Medical Informatics (study for 4 years).		
Veterinary Medicine	Health and Food Safety (study for 5 years).		
Kindergartens, vocational	Rehabilitation for special groups (study period 4 years).		
Arts	French professional ethics (the study for 4 years		

# **Innovative programs:**

College	Program name		
Trade	financial and economic sciences program (specializing in finance and economics) with credit hours system		
Arts	surveying and mapping software and geographic information systems with credit hours system		
Veterinary Medicine	distinguish pet system with credit hours program		

Faculty	Program
Medicine	<ul> <li>Master's Degree in Regenerative Medicine</li> <li>Professional Master's Degree in Surgical Intensive Care</li> <li>Professional Master's Degree in Infection Control,         Department of Microbiology and Immunity.     </li> <li>Doctorate Degree in Endocrinology and Diabetes</li> <li>Ph. D. in Regenerative Medicine(Interdisciplinary Degree)</li> </ul>
Nursing	<ul> <li>Professional Diploma in Nursing Education (Credit Hour System)</li> <li>Professional Diploma (Elderly Sitter), Geriatrics Nursing Department- Credit Hour System</li> <li>Master's Degree in Evidence-based Health Care, Department of Community Nursing (credit Hour System)</li> <li>Master's Degree in Infection Prevention and Control, Community Health Department (Credit Hour System)</li> </ul>
Engineering	Master's Program in Engineering Sciences, Specialization of Environment Engineering , Technology and Management (Credit Hour System)

Pharmacy	<ul> <li>On-line Master's Degree in Immunity and Regenerative Medicine in English and French.</li> </ul>
Education	<ul> <li>Professional Diploma in Education, Division of Education and Values</li> <li>One-year Online Professional Diploma in Education</li> </ul>
Commerce	<ul> <li>Professional Master's Program in Business Administration (MBA)</li> <li>Professional Master's Program in Accounting</li> <li>Professional Doctorate Program in Business Administration</li> </ul>
Science	- Diploma in Biochemistry

Faculty	Program/Degree
Medicine	<ul> <li>Professional Master's Degree in Surgical Intensive Care</li> <li>Professional Master's Degree in Regenerative Medicine (An Interdisciplinary Degree non- qualifying for the post of an assistant lecturer)</li> <li>Professional Master's Degree in Infection Control, Department of Microbiology and Immunity.</li> <li>Ph. D. in Regenerative Medicine(Interdisciplinary Degree)</li> <li>Master's Degree in Cardio-thoracic Surgery, Department of Cardiothoracic Surgery</li> </ul>
Nursing	<ul> <li>Professional Diploma in Nursing Education (Credit Hour System)</li> <li>Master's Degree of Nursing Sciences in Infection Prevention and Control, Department of Community Health (Credit Hour System)</li> <li>Professional Diploma (Elderly Sitter), Geriatrics Nursing Department- Credit Hour System</li> <li>Postgraduate Diploma in Health Counselling and Psychological Culture / Department of Mental Hygiene and Psychiatric Nursing</li> </ul>
Specific Education	<ul> <li>Proposed program for a Professional Diploma in Learning Difficulties</li> </ul>
Computers and Informatics	<ul> <li>Newly introduced programs in Applied Postgraduate Studies (Master's degree / Diploma, Credit Hour System )in (Information Security- Geographic Databases- Business Information Technology )</li> </ul>
Physical Education	- Diploma in Advanced Sport Marketing
Agriculture	<ul> <li>Professional Master's Degree and Academic Master's         Degree in Sustainable Crop Protection in Agricultural         Development (European Credit Hour System, ECTS)- An         outcome of the TEMPS Project</li> <li>Master's Degree in Integrated Water Resources         Management( European Credit Hour System)</li> <li>Master's Degree in Sustainable Crop Protection (European         Credit Hour System, ECTS)</li> </ul>
Pharmacy	- Online Professional Master's degree in Immunity and Regenerative Medicine in English and French.
Education	- One- year online General Diploma in Education
Commerce	- Professional Doctorate in Business Administration
Arts	<ul> <li>Diploma in Behaviour Modification for Persons with Special Needs – Psychology Department (Credit Hour System)</li> </ul>

# Tuition fees for colleges in dollars for international students:

	Undergraduate first		Postgraduate	
College	College  Is the first time the annual expenses	Diploma - Master - Ph.D.		
		expenses	Is the first time	the annual expenses
Medicine , Dentistry	1500	6000	1500	6000
Engineering, Computer ,Pharmacy ,Physical Therapy	1500	5000	1500	5500
Veterinary Medicine Agriculture, Science, Nursing	1500	4000	1500	5000
(Other colleges)	1500	3000	1500	4500

# **Training Opportunities at the University:**

The University hosts Egyptian, Arab and Foreign scholars for scientific visits and training in its Special Units and Centers for the following Fees:

- \$ 200 per week for a visit till a month.
- \$ 600 per month for a period of more than a month up to 3 months.
- \$ 500 per month for a period of more than 3 months to 6 months.
- \$ 400 per month for a period in excess of six months.

#### **Accommodation of International Students:**

The University provides distinctive and safe places for the accommodation of international students including:

#### 1- Mansoura University Hotel:

This hotel is considered a sign of luxury at the edge of "Gezert Al Rawda" as if it were a calm Nile resort. It consists of 90 rooms and 8 suites. Moreover, the hotel offers a range of international cuisine options as well as open areas on the Nile banks. It includes a large health club that has a highly equipped gym to which an outdoor swimming pool, a sauna, a jacuzzi and a massage room are annexed. The hotel has also halls for holding conferences and parties.

<u>International Conference Hall:</u> A highly equipped hall that accommodates 500 persons for holding national and international conferences.

# 2- Al Gomhoria Dormitory for Girls:

Al Gomhoria Dormitory accommodates 386 students. It has 186 rooms (72 of which are luxury rooms) and 3 dining halls.

# **International Students' Club:**

The club was opened on Sunday 09/12/2012. It organizes scientific, athletic, cultural and social activities in order to link the different cultures and establish a communication between all the international students.

#### **Enrollment of International Students:**

## First: Applying for the M.Sc. and M.A. Stages:

Applying for the M.Sc. or M.A. Degrees is central only through the website of the General Administration of International Students in Cairo. Acceptance is also central through the General Administration of International Students in Cairo on the following link:

http://www.mohe-casm.edu.eg/e-services/wafdeen/index.isp

#### **Second: Applying for the Postgraduate Stage:**

Filling application forms is done on the postgraduate website of the University on the following link:

http://www.pgs.mans.edu.eg

## **Transferring Tuition from Outside Egypt**

#### First: First University Stage - Postgraduates:

Tuition could be transferred from outside Egypt in foreign currency to the unified account at the Egyptian Central Bank.

Swift Code no.: ARAIEGCXXXX - (Egyptian Central Bank Swift) - 6003364021

Account Name: University of Mansoura

Account number to which the transfer should be done and the type of currency are:

- •The account no. of the Educational Services Fund in Dollars is (4/082/17610/7)
- The account no. of the Educational Services Fund in Sterling Pounds is (4/082/17611/0)

## **Second: International Trainees and Researchers:**

Tuition could be transferred from outside Egypt in dollars to the account of the Research Unit at the Egyptian Central Bank.

Swift Code no.: ARAIEGCXXXX - (Egyptian Central Bank Swift) - 6003364021

Account Name: University of Mansoura - Research Unit

Account no.: (4/082/17819/2) in Dollars.
